Student Code of Conduct 2024-25

Ypsilanti Community Schools Code of Conduct

The vision of the Ypsilanti Community Schools is to be the first choice for an exceptional cradle-to-career education. One major pillar supporting the YCS vision is maintaining a positive culture and climate focused on learning. The responsibility of developing and maintaining a secure and productive teaching and learning environment is the obligation of each member of the school community, including the students, staff, parents, and community members.

The policies and procedures emphasize collaborative problem-solving and offer opportunities for students and adults to develop lasting skills to manage anger and conflict. Ypsilanti Community Schools is committed to using a variety of proactive and student-focused strategies to promote a positive school climate based on:

- Implementation of evidence-based strategies for social and emotional learning such as Positive Behavioral Interventions and Supports (PBIS) and restorative practices.
- Integration of social and emotional learning and other evidence-based prosocial development practices into the school culture, supporting and sustaining them as vital elements of the school operations.
- Collecting and effectively utilizing data—including discipline and academic performance records, truancy data, student and stakeholder surveys, and other relevant measurements—for ongoing formative evaluation of disciplinary processes and their effectiveness.
- Using discretion as permitted by law and Board policy to reserve suspension and expulsion for only serious offenses.

Every school district is required by law to adopt a code, as set forth in the Revised School Code, MCL 380.1312(8):

“A local or intermediate school district or a public school academy shall develop and implement a code of student conduct and shall enforce its provisions with regard to pupil misconduct in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.”

The information in the following pages explains the code of conduct of Ypsilanti Community Schools that will be used to ensure fair and equitable treatment for all members of our student population.

When and Where the Code of Student Conduct Applies

The Code of Student Conduct applies before, during, and after school and whenever the student is engaged in a school-related activity. Each student is expected to follow this code of conduct:

- “At school,” meaning in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises
- When a student’s conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school district staff.
- When a student is using school telecommunications networks, accounts, or other district services.

Off-Campus Events

Students at school-sponsored, off-campus events and activities shall be governed by District rules and regulations and are subject to the authority of School Officials. Any conduct that adversely affects the school climate and has a direct and immediate adverse effect on the general welfare of the school, and/or its students, employees, and volunteers is prohibited, on as well as off-school property, at school-sponsored, off-campus events and activities. Failure to obey the rules and regulations shall result in loss of eligibility to attend school-sponsored, off-campus events or activities and may result in suspension, expulsion, and/or other disciplinary measures as outlined in the Student Code of Conduct.

SECTION I: Rights and Responsibilities in the School Community

Ypsilanti Community Schools is dedicated to creating and maintaining a positive learning environment for all students. All members of our learning community—including students, educators (teachers, administrators, and support personnel), and parents must assume a responsible role in promoting behavior that enhances academic and social success. Courteous, respectful, and responsible behavior fosters a positive climate for the learning community.

Those responsibilities include, but are not limited to, the following:

Students (persons enrolled in grades K-12) have the responsibility to:

1. Take responsibility for your learning and recognize that it is a process.
2. Attend school regularly, arrive on time, and be prepared to learn.
3. Respect yourself and others in class, on school grounds, on buses, and at any school-related activity.
4. Respect the rights and feelings of fellow students, parents, educators (including teachers, secretaries, custodians, aides, paraprofessionals, and other school personnel), visitors, and guests.
5. Work within the existing structure of the school to address concerns.
6. Know and comply with school district rules and policies.
7. Participate in your learning communities, including helping formulate rules and procedures in the school, engaging in school-related activities, and fostering a culture of respect for learning and for others.

Parents have the responsibility to:

1. Take responsibility for your child's development as a learner by, as much as possible, providing a home environment suited for learning and developing good study habits.
2. See that your child attends school regularly and on time.
3. Provide for your child's general health and welfare as much as possible.
4. Teach and model respect for yourself, your child, and all members of the school community.
5. Support the school's efforts to provide a safe and orderly learning environment.
6. Know and support the school and district rules and policies and work within the existing structure of the school to address concerns.
7. Advocate for your child and take an active role in the school community.

Educators have the responsibility to:

1. Take responsibility for students' development as learners, including their academic success and positive social-emotional development, recognizing that children should be subject to behavior management and discipline policies appropriate to their ages and levels of understanding.
2. Model and provide a mutually respectful and accountable atmosphere for learning that includes all members of the school community.
3. Cooperate and schedule conferences with students, parents, and other school personnel in an effort to understand and resolve academic and behavioral problems.
4. Keep parents informed of their students' challenges, efforts, and successes.
5. Encourage students to participate in classroom, extracurricular, and other school-related activities.

6. Know and enforce the rules and policies consistently, fairly, and equitably.
7. Participate in formulating rules and procedures and other learning and developmental opportunities in the school.

The Code of Student Conduct sets forth student rights and responsibilities while at school and school-related activities, and the consequences for violating school rules. It defines behaviors that undermine the safety and learning opportunities for all members of the school community and when possible favors actions that encourage positive behavior and learning. When determining the consequences of student misconduct, school officials may use intervention strategies and/or disciplinary actions. Recognizing the importance of keeping students in school learning, educators will consider the student's disciplinary history, severity or repetition of misconduct, age and grade level of the student, circumstances surrounding the misconduct, the impact of the student's misconduct on others in the school community including whether the conduct affected safety, whether the student has a disability, and any other relevant factors, including those requiring consideration by law or Board policy, in determining how they will address misconduct.

The Code of Student Conduct will be administered fairly, without partiality or discrimination. Discrimination consists of any distinction, exclusion, limitation or preference based on race, national origin, ethnicity, language, sex, gender identity, sexual orientation, religion, disability, economic or other legally protected status or classification which has the purpose or effect of limiting access to educational opportunities or services or which leads to discriminatory outcomes in education. The Code of Student Conduct does not diminish any rights under federal law (20 U.S.C. 1400 et seq.) of a student determined to be eligible for special education programs and services. Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. As a consequence of a violation of the Code of Student Conduct by a student with an IEP, specific procedures may apply. Specific discipline procedures related to Students with an Individualized Education Program (IEP) can be found in the Ypsilanti Community Schools Special Education Discipline Procedures Manual,

SECTION II: *Violations of the Code of Conduct and the school community responses*

Rights relate to individual responsibilities and must be seen in relation to the safety, health, and welfare of all members of the school community. Expectations of student conduct should be kept within the bounds of reasonable behavior expected of all members of the community.

Students should have freedom and encouragement to express their individuality in school, as long as their conduct is not disruptive, reasonably forecasted to be disruptive, and does not intrude upon the learning process or the freedom or safety of others. This applies especially to the freedom of fellow students to receive instruction. There must be a balance between individual freedom and the orderly operation of a classroom.

All students must recognize the consequences of their language, manners, and actions toward each other, school staff, and volunteers. Students need to understand that they benefit from an orderly school operation and, as members of the school community, acknowledge their responsibility to promote a mutually respectful learning environment and support the reduction of any disruption to learning. The following charts list actions that can cause disruptions and, therefore, require some action to address the harm they cause. Whenever possible, the action to address this misconduct should include steps to heal the harm and restore the community members affected.

The disciplinary actions contained in this booklet apply to all students, including special education students. However, due to the unique needs of special education students and federal and state laws, the procedures determining the appropriate disciplinary action may vary from regular education when a special education student is involved. See the section on Special Education Suspension and Expulsion.

The infractions and definitions have been taken from the *Michigan Department of Education, Model Code of Conduct, 2014*, and represent general infractions of the Student Code of Conduct. If a specific consequence is not stated for a violation of a particular rule, then reasonable disciplinary actions may be taken at the discretion of the administration. Actions may range from a verbal warning to a recommendation for expulsion depending on the nature and severity of the offense, the prior behavior records for the student, the recommendation of school personnel, and other relevant circumstances, as required by law and Board policy.

In considering students' suspension or expulsion, the district shall comply with MCL 380.1310d: The district must consider using restorative practices as an alternative or in addition to suspension or expulsion. Restorative practices may be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption, harassment, and cyberbullying.

The school board or its designee has the authority to suspend or expel students who have committed misconduct after considering the 7 factors, including lesser interventions:

1. The pupil's age.
2. The pupil's disciplinary history.
3. Whether the pupil is a student with a disability.
4. The seriousness of the violation or behavior committed by the pupil.
5. Whether the violation or behavior committed by the pupil threatened the safety of any pupil or staff member.
6. Whether restorative practices will be used to address the violation or behavior committed by the pupil.
7. Whether a lesser intervention would properly address the violation or behavior committed by the pupil.

In exercising this discretion with regard to a suspension of more than 10 days or expulsion, there is a rebuttable presumption in state law that a suspension or expulsion is **not** justified unless the board or board of directors, or its designee, can demonstrate that it considered each of the factors, including lesser interventions.

Legal mandates and community safety may require permanent expulsion of individuals who possess weapons, commit arson, or engage in criminal sexual conduct (Gun-Free Schools Act, 1994; Michigan Compiled Laws under MCL 380.1311), make bomb threats or engage in verbal assault (MCL 380.1311a), and who commit physical assault against another (380.1310, 380.1311, 380.1311a, 380.1312 — a 7-factor consideration is required, except in the case of possession of a firearm.

The district will employ discipline measures and early intervention/diversion strategies with a focus on screening and treatment to minimize suspended students' time away from school and potential court involvement

Level II-Disciplinary Consequence:

Level II misconduct violations cause more serious harm to the learning environment and are generally referred to the administration or a school support system such as behavioral health professionals or restorative process facilitators.

Level III-Disciplinary Consequence:

Level III misconduct violations are serious offenses that potentially require the involvement of law enforcement, the district disciplinary committee or the Board of Education.

Bullying:

A student will not engage in bullying any student for any reason in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. "At school" includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if the telecommunications access device or the telecommunications service provider is owned by or under the control of the school district or public school academy.

"Telecommunications access device" and "telecommunications service provider" mean those terms as defined in section 219a of the Michigan penal code, 1931 PA 328, MCL 750.219a.

- Substantially interfering with educational opportunities, benefits, or programs of one (1) or more pupils.

Violations will be monitored for increasing intensity and are cumulative in nature.

POSSIBLE LEVEL I AND LEVEL II INTERVENTIONS

In response to disciplinary violations or conflict, staff shall use a continuum of strategies that are restorative rather than punitive. Weapons: Dangerous Weapons:

A student will not possess, handle, transmit, or use as a dangerous weapon an instrument capable of harming another person. A student will not use a legitimate tool, instrument, or equipment as a weapon with the intent to harm another. These items include, but are not limited to, pens, pencils, compasses, or combs.

LEVEL III DISCIPLINARY ACTIONS:

Level III Misconduct Violations require an out-of-school suspension and possible police involvement. Level III infractions may result in possible permanent expulsion (pending district discipline committee review) or possible mandatory expulsion (pending Board of Education hearing).

RESTORATIVE PRACTICES:

A continuum of strategies includes, but is not limited to the following.

Affective Statements – One-on-one informal conversations that are held as an immediate response or follow-up to an action that has somehow caused harm to help the student correct the behavior in the present and future. The statements provide a precise and respectful description of a student’s behavior and the specific impact of those behaviors, delivered at a time to maximize impact.

Restorative Questions – A standard set of questions that ask the wrongdoer to identify what has happened, who has been harmed, what harm was done, and what needs to be done to make things right.

Impromptu Conference – A structured conversation to ask both the wrongdoer and those harmed to answer a series of Restorative Questions in front of one another.

Restorative Circles – Spaces in which participants take turns speaking to a topic, guided by at least one circle keeper, using a talking piece, and going around to ensure that everyone has an equal opportunity to speak. Many different types of circles can be used to promote a positive learning environment and deal with issues as they arise.

Restorative Conferencing – A facilitator leads those who were involved in an incident, whether they were harmed or did the harm, as well as their supporters in a face-to-face process. This process aims to address the harm, make things right and prevent reoccurrence and is based on the ideas of restorative practices and mutual accountability, resulting in a signed agreement.

OTHER IN-SCHOOL INTERVENTIONS:

Class Exclusion: A student who misbehaves is denied the right to attend particular classes for one day. An alternative educational setting and make-up privileges are provided for this period.

Collection of Unauthorized Materials: School administrators and teachers may collect materials that students are prohibited from possessing during the school day, for example, cell phones, iPods, cigarettes, radios and tape recorders, beepers, laser pointers and other electronic devices.

Conference between Student and Teacher: A discussion about changes in behavior, use of a travel card, or conflict management skill-building activities.

Contract with Student: A written statement developed collaboratively, listing steps to be taken by the student to improve behavior, the date for a review, and the consequences if the contract is not honored.

Communication to Parent/Guardian: Notification to the parent/guardian of a meeting by phone or letter that a behavior problem exists, the action taken, expectations for future behavior, and necessary follow-up.

Conference with Parent/Guardian, Student, and Teacher: A meeting or telephone conversation with staff, parent/guardian, and student to discuss student achievement and unacceptable conduct, better ways of behavior and a plan for future behavior.

Exclusion from Extracurricular Activities: This action denies the student the opportunity to participate in extracurricular activities for a specified period of time.

Time-In System: A program that assigns a student to a different location in the classroom or building, preferably with a safe adult, coordinated by staff members, teachers or school administrators.

Other School Authorized Activities: Other appropriate actions, such as community service, which comply with school district policies and administrative regulations, may be carried out in conjunction with the school's discipline management plan. Parents/Guardians will be given 24-hour notification, and are responsible for transportation.

Before or After School Detention: Students are required to be in school for up to one hour before or after the regular school day. Supervision is provided by school staff for all detained students. Parents/Guardians will be given 24-hour notification and are responsible for transportation.

OUT-OF-SCHOOL INTERVENTIONS

A. Considerations

- a. Exclusion from school shall only be considered when a student commits serious offenses. No student may be excluded from school:
 - For a first-time low-level offense unless otherwise required by federal or state law, except in the case of an emergency removal.
 - Until and unless non-exclusionary discipline alternatives, if appropriate, have been carefully considered, tried and documented to the extent reasonable and feasible;
 - Only if, after that consideration, it is determined that exclusion from school is warranted under the statutory factors listed below.
 - Only after considering the full impact of the decision to exclude a student on both the student and the school community.
- b. Under state law, the district must consider 7 factors before any out-of-school removal:
 1. The pupil's age.
 2. The pupil's disciplinary history.
 3. Whether the pupil is a student with a disability.
 4. The seriousness of the violation or behavior committed by the pupil.
 5. Whether the violation or behavior committed by the pupil threatened the safety of any pupil or staff member.

6. Whether restorative practices will be used to address the violation or behavior committed by the pupil.
7. Whether a lesser intervention would properly address the violation or behavior committed by the pupil

c. In addition, YCS considers the following:

1. Suspected mental illness or undiagnosed disabilities;
2. Appropriateness of the student's placement or setting;
3. Whether the student is or has been a victim of bullying behaviors or classroom environments;
4. Family situations such as involvement in foster care, domestic violence, homelessness, poverty, recent death of a loved one, or immigration status;
5. Substance abuse or addiction;
6. The student's expression of remorse;
7. Whether the student was acting in self-defense;
8. Whether the school district made any effort to address the student's behavior using positive, preventive methods prior to the incident at issue.
9. If the misconduct involved possession of a "weapon," as defined under school policy, whether the "weapon" in question was brandished or employed as a weapon or in an otherwise threatening fashion;
10. The egregiousness of the student's conduct and whether it placed students or staff at serious risk of emotional or physical harm.
11. Whether the student is being disciplined for engaging in bullying behavior and, if so, whether restorative practices have been in place and whether the student was exposed to them previously; and
12. Whether, if the student is being disciplined for bullying behavior, there is a restorative practices approach to disciplining the student that would be more effective than exclusionary discipline at addressing the problem.

SECTION III: Due Process: Suspension and Expulsion:

Ypsilanti Community Schools ensures that school personnel within the District adhere to all required due process procedures as defined by Board policy when administering the Student Code of Conduct. Procedural due process protections apply to exclusionary discipline, including suspensions and expulsions from school.

Short-Term Suspension Definition

For purposes of this code, a short-term suspension occurs when a student is suspended for one (1) school day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended.

Except in extraordinary circumstances, alleged violations of the Code of Student Conduct are initially handled at the student's school. If a short-term suspension is contemplated, the principal or assistant principal shall provide the student with oral or written notice of the charges or allegations and an explanation of the evidence or basis for the charges. The student shall be given the opportunity to contact an adult advocate such as a parent or other family member, guardian, mentor, friend, and/or an attorney before presenting an explanation or a differing statement of the facts.

If misconduct is found, the principal may authorize disciplinary action in accordance with this Code of Student Conduct, including short-term suspension. A student whose presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the educational process, may be immediately removed from the school without prior notice, explanation, or opportunity to respond. In such cases, the above procedures shall be provided as soon as practical.

SNAP SUSPENSION, PA 103:

A teacher may suspend a student from the teacher's classroom for up to one day if the student's behavior exceeds limits as defined by the following acts of misconduct:

1. Physical aggression towards self, or others, which in the reasonable judgment of the teacher creates an unsafe classroom environment.
2. Profane or vulgar comments (oral or written) toward classroom teachers, other District employees, or students, during class time or a school-sponsored activity.
3. Inappropriate physical contact of a sexual nature during class time or during a school-sponsored activity.
4. Possession of a weapon or dangerous weapon.
5. Other acts of misconduct or disruptiveness, to be determined at the teacher's discretion.

If a student is retained in the school, he or she must be under appropriate supervision. The law requires a teacher who imposes this option to immediately report the "snap suspension" to the office, then as soon as possible, schedule a meeting with the suspended student's parent(s) or guardian(s) and attempt to include the school counselor, social worker, or psychologist. If the teacher or parent requests that a school administrator attend, the teacher must also include the administrator in the meeting [MCL380.1309]. A student may return that school day to the classroom, subject, or activity for which he or she was suspended, with the concurrence of the teacher and the school principal [MCL 380.1309].

YCS Procedure for Short-Term Suspension

1. An administrator may remove a student from class to a place pursuant to guidelines outlined earlier in this document after considering 7 factors, including a lesser intervention.
2. When appropriate, teachers (or other involved staff) shall first inform the student of his/her misconduct. In the event of subsequent acts of misconduct, the teacher (or other involved staff) shall either inform the student's Parent/Guardian or make a counselor referral.
3. The Parent/Guardian shall be informed whenever disciplinary problems exist.
4. Students shall not be released from school by any Principal, Assistant Principal, Dean of Students, Teacher, or School Secretary without verified Parent(s)/Guardian(s) notification.
5. In the event a Principal deems it necessary, a student may be sent home during school hours. In the case of a minor student, if a Parent/Guardian is not able to pick up the student at school, or the Principal (or designee) is unable to accompany the student home, the student shall be retained in the school building until dismissal time, unless the Parent/Guardian directs otherwise.
6. At such time as the Principal (or designee) determines that out-of-school/program suspension is an appropriate action, he/she shall inform the student orally or in writing of the charges and evidence and provide the student with an opportunity to present his/her version.
7. The Principal (or designee) shall inform the Parent/Guardian of the minor student of the charges, the rationale for the suspension, and the length of the suspension. Communication shall be by phone, home call/visit, and written notification. Written documentation regarding the phone contact or home call/visit and a copy of the written notification shall be maintained.
8. The Parent/Guardian shall also receive a copy of the Suspension Notice from the Principal (or designee) in person or through the mail and a copy shall be placed in the student's file. The Parent/Guardian of a student with special education services shall also receive a copy of the Special Education Procedural Safeguards.
9. The Principal may grant a conference at the request of the Parent/ Guardian of a minor student to discuss the offense and the suspension decision. The Principal (or designee) may alter or negate the original suspension decision as a result of the conference. If the suspension is negated, all records of the suspension shall be removed from the files.
10. The Principal (or designee) shall be responsible for entering suspension data into Power School within twenty-four (24) hours of the decision for all suspensions from school regardless of the length of time.

*The Superintendent shall be informed immediately if a weapon is involved, a long-term suspension is issued pending investigation and Board of Education hearing.

Long-Term Suspension and Expulsion Definition

A long-term suspension is defined as a suspension of a student for more than ten (10) school days and less than 60 days. During a long-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended.

Expulsion

Under state law, an expulsion means to exclude a pupil from school for disciplinary reasons for a period of 60 or more school days. An expulsion occurs when the school district's board of education terminates the student's rights and privileges to attend school, including extracurricular activities. The number of days of expulsion is decided by the school board or state law.

Due Process for Long-Term Suspension and Expulsion: The District will follow board policy 5611, found on the district website.

YCS Procedure Long-Term Suspension/Expulsion, More Than 10 Days

Except in emergency situations (health or safety), appropriate procedures must be followed to place students on long-term suspension or expulsion for more than 10 school days.

Appropriate procedures are as follows:

1. Investigation of Alleged Violations and Recommendation:
The appropriate building or program administrator conducts an investigation regarding alleged violations of Board of Education Policy and the Student Code of Conduct. If after investigation the administrator decides that a recommendation for long-term suspension or expulsion (more than 10 school days) is warranted, the administrator shall notify the student and the Parent/Guardian in writing of
 - a. The charges against the student.
 - b. The recommended disciplinary action
 - c. The right to a hearing before a Hearing Officer.
 - d. The administrator issues a written notice as soon as possible, but no later than two (2) school days after the infraction. A copy of the notice is also sent by fax to the Superintendent's office. The student is temporarily suspended pending the hearing process.
2. Notice of Hearing:
 - a. After receiving an administrator's recommendation for long-term suspension or expulsion, the superintendent's office issues a written notification of hearing to the student and Parent/Guardian.
 - b. Any notice of a proposal to recommend a long-term suspension shall state the time, date, and place that the student will be afforded an opportunity for a formal hearing, and the hearing shall be held no later than ten (10) school days after the date of the notice. A copy of this policy and administrative procedures shall accompany the notice.
 - c. A formal hearing and the hearing shall be held no later than ten (10) school days after the date of the notice. A copy of this policy and administrative procedures shall accompany the notice.
 - d. At the time of the hearing, a public notice of the hearing is posted on the front of the YCS Administrative Office building as required by the Open Meetings Act, Public Act 267.

3. Hearing Officer:
 - a. The Superintendent (or designee) serves as the hearing officer.
 - b. The Hearing Officer may not have been involved in the investigation of the charges.

4. Hearing Procedures:

The Purpose of the hearing is to determine:

 - a. If the student did or did not do what the charges claim.
 - b. Consideration of the 7 factors.
 - c. Whether the disciplinary action recommended by the school shall be imposed or whether some other type of discipline shall be imposed

5. Open/Closed Meeting:
 - a. Eighteen (18) year olds or other independent students or a Parent/ Guardian of a minor student may request to have the hearing held in an Open Meeting (so that others can observe and/or obtain full disclosure of the hearing), or in a Closed Meeting (private, so that others cannot observe and/or obtain disclosure of hearing, only the hearing decision) pursuant to the Open Meetings Act.
 - b. A decision by the hearing must be delivered in an Open Meeting, ensuring that the information is available to the public if it is ever requested.

6. Appearances:

Students and Parent(s)/ Guardian(s) have the right to testify as to the facts, or other evidence, and explain their reasons for disagreeing with the school's charges or recommendation for discipline.

7. Right to a Representative:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Board to answer the charges.

8. Witnesses
 - a. If the student wishes to present witnesses who have knowledge of the circumstances of their case, the student must arrange to have them attend the hearing.
 - b. If the student needs help in identifying District staff witnesses, the student is to contact his/her assigned Student Advocate.

9. Records: If the student has any written information, documents or letters relevant to their case, these are to be presented at the hearing.

10. Record of Hearing: The hearing shall be mechanically or electronically recorded and/or minutes recorded. If the District or student chooses to have a stenographic record, the requesting party will bear the cost of making that record

11. Decision: The Hearing Officer renders a written decision within seven (7) school days after the close of the hearing unless the student or Parent(s)/Guardian(s) agree to an extension.

12. Postponements:
 - a. A person requesting postponement of the hearing is to call the Superintendent's Office.
 - b. Postponements are granted only if all parties consent to the continued suspension of the student or in exceptional circumstances.

13. Right of Appeal: The Hearing Officer advises the student and Parent/Guardian of their right to appeal when appropriate (if the suspension is more than 11 school days). The student remains suspended while any appeals are processed.

Procedures Applicable to Special Education and Section 504 Students:

Unless modified by an Individual Education Plan (IEP), a student with a disability is expected to follow the same rules as general education students and is subject to the same discipline procedures, as long as the discipline does not exceed ten (10) school days of suspension. Procedures will follow what is stated in the [Procedural Safeguards and Notice](#)

Mandatory Expulsion

The term expulsion refers to the removal of a student from school as mandated by state law. In the case of an expulsion, a student may only be readmitted to the District through formal action of the District or as permitted by state law.

The Revised School Code provides each school district with the authority to establish a local discipline policy. Each local school board or its designee has the authority to suspend or expel students who have committed misconduct, including violations of the Student Code of Conduct. This must not, however, infringe on any of the federally protected rights guaranteed to students who qualify for special education programs and services [MCL 380.1311(8)].

In addition to the suspension and expulsion of students who commit violations identified in the YCS Code of Student Conduct, Michigan law requires a school district to consider permanent expulsion of students who possess a dangerous weapon unless that student meets one of four exceptions (listed below) provided in the law, and students who commit arson, criminal sexual conduct (as defined in the law and noted below), or a physical assault against a school employee, contractor, or volunteer.

Michigan law also requires school districts to remove students who commit physical assault against another student or make a bomb threat or similar threat. Those exclusions can last no more than 180 days.

Weapons, Arson, or Criminal Sexual Conduct Expulsion

School districts are required to consider permanent expulsion of students who possess a dangerous weapon, commit arson, or engage in criminal sexual conduct in a school building or on school grounds. Permanent expulsion is mandated if the weapon is a firearm. The law allows for possible reinstatement [MCL 380.1311]. The term “criminal sexual conduct” is defined in the Michigan Penal Code, 1931, PA 328 MCL 750.520. It refers to sections which describe various levels of sexual penetration, sexual conduct, and assault with intent to commit criminal sexual conduct [MCL 750.520b, 520c, 520d, 520e, 520g]. The term “dangerous weapon” means a firearm, dirk, dagger, stiletto, iron bar, knife with a blade over 3 inches in length, pocketknife opened by a mechanical device, and brass knuckles [MCL 380.1313(4)]. The definition of “firearm” in section 380.1311 refers to the definition of that term in the federal Gun-Free Schools Act of 1994, which in turn refers to another section of federal law which defines “firearm” as:

- Any weapon (including a starter gun) which will or is designed to, or may readily be converted to, expel a projectile by the action of an explosive.
- The frame or receiver of any such weapon.
- Any firearm muffler or firearm silencer.
- Any destructive device.

*Expulsion for the above reasons extends automatically to all Michigan public schools.

Weapon-Free School Zone and School Property Definition: “Weapon-free school zone” means school property and a vehicle used by a school to transport students to or from school property [MCL 750.237a]. “School property” means a building, playing field, or property used for school purposes to impart instruction to children or used for functions and events sponsored by a school, except a building used primarily for adult education or college extension courses [MCL 750.237a].

- 1. Reporting Requirements:** If a dangerous weapon is found in the possession of a student while the student is attending school or a school activity, or while the student is en route to or from school on a school bus, the superintendent of the school district or intermediate school district, or his or her designee, shall immediately report that finding to the student’s parent/guardian and the local law enforcement agency [MCL 380.1313(1)].

Physical Assault - Student to Employee or Volunteer

A student in grade six (6) or above who commits a physical assault against an employee or a volunteer of a district, at school or on school grounds, shall be expelled permanently, subject to possible reinstatement. The term “physical assault” means “intentionally causing or attempting to cause physical harm to another through force or violence” [MCL 380.1311a].

A student expelled for committing physical assault against an employee or volunteer of a district at school or on school grounds is expelled from all Michigan public schools.

Physical Assault - Student to Student

A student in grade six (6) or above who commits physical assault against another student shall be suspended or expelled for up to 180 school days by the school board or its designee if the physical assault is reported to the school board, superintendent, or principal. The term “physical assault” means “intentionally causing or attempting to cause physical harm to another through force or violence” [MCL 380.1310].

Bomb Threats or Similar Threats

If a student in grade six (6) or above makes a bomb threat, or similar threat, directed at a school building, other school property, or a school-related event, then the school board or the designee on behalf of the school board, as described in MCL 380.1311(1), shall suspend or expel the pupil from the school district for a period of time as determined at the discretion of the school board or its designee.

Verbal Threat Against an Employee

If a student in grade six (6) or above commits a verbal threat, as defined by school board policy, at school, other school property, or a school-related event, against a person employed by or engaged as a volunteer or contractor by the school board, then the school board or its designee shall suspend or expel the student from the school district for a period of time as determined at the discretion of the school board or its designee [MCL 380.1311a(2)].

Petitioning for Reinstatement

Although the law calls for the “permanent” expulsion of a student who possesses a dangerous weapon in a weapon-free school zone, commits arson, criminal sexual conduct, or a physical assault against an employee or

a volunteer of a district, at school or on school grounds, the law provides a process for petitioning for reinstatement to school [MCL 380.1311(5) and 380.1311a(5)]. It is the responsibility of the petitioning person (a parent, legal guardian, or the expelled student if he or she is at least 18 years of age or is an emancipated minor) to prepare and submit the petition for reinstatement.

Petition for Student to Return to School

If a petition form is requested by a person wishing to be reinstated, the school board must make the petition form available. See attachment 1 for the YCS Petition to Return to School form.

For a student in grade five (5) or below that is expelled for possessing a firearm or threatening another person with a dangerous weapon, the parent/guardian, or the student (if he or she is at least 18 years of age or an emancipated minor), may initiate a petition for reinstatement any time after 60 school days following the date of the expulsion. A student may be reinstated 90 school days following the date of expulsion.

For a student in grade five (5) or below who is expelled for committing arson or criminal sexual conduct in a school building or on school grounds, the parent/ guardian, or the student (if he or she is at least 18 years of age or an emancipated minor), may initiate a petition for reinstatement at any time, and the student may be reinstated ten school days after the expulsion.

For a student in grade six (6) or above who is expelled for possessing a dangerous weapon in a weapon-free school zone, commits arson or criminal sexual conduct, the parent/guardian, or the student (if he or she is at least 18 years of age or an emancipated minor), may initiate a petition any time after 150 school days following the date of expulsion. A student may be reinstated 180 school days following the date of expulsion.

For a student in grade six (6) or above who is expelled for committing a physical assault against an employee or volunteer, the parent/guardian, or the student (if he or she is at least 18 years of age or an emancipated minor), may initiate a petition any time after 150 school days following the date of expulsion. A student may be reinstated 180 school days following the date of expulsion.

Committee Review and Recommendation

The local school board may include conditions in a petition for reinstatement, including the successful completion of a restorative justice process or a similar effort, which the student can complete during the exclusion period or as a condition for returning to school. If the expelling school board denies a petition for reinstatement, the petitioner may petition another school board for reinstatement. The following timelines and procedures apply to reinstatement:

Within ten (10) school days after receiving a petition for reinstatement, the school board will appoint a committee comprised of two school board members, one school administrator, one teacher, and one parent of a student in the school district to review the petition and any supporting information submitted by the petitioner. During this time, the superintendent may prepare and submit information concerning the circumstances of the expulsion and any factors weighing in favor of or against reinstatement.

Not later than ten (10) school days after being appointed, the committee must review the petition and supporting information, together with information provided by the school district, and submit a recommendation to the school board. The committee may recommend unconditional reinstatement, conditional reinstatement, or against reinstatement. The recommendation must be accompanied by an explanation of the reasons for the recommendation. If the recommendation is for conditional reinstatement, it must include any

recommended conditions.

The committee's recommendation must be based on all of the following factors:

- The extent to which reinstatement of the student would create a risk of harm to pupils or school personnel.
- The extent to which reinstatement would create a risk of school district or individual liability for the school board or school district personnel.
- The age and maturity of the individual.
- The student's school record before the incident that caused the expulsion.
- The student's attitude concerning the incident that caused the expulsion.
- The student's behavior since the expulsion and the prospects for remediation.
- If the petition was filed by a parent or legal guardian, the degree of cooperation and support that has been provided by, and that can be expected from, that person if the student is reinstated, including, but not limited to, receptiveness toward possible conditions placed on the reinstatement [MCL 380.1311(5)(e)].

The committee may also choose to consider such factors as the successful completion of restorative justice measures, the presence of mental health considerations, family situations that might be impacting the child's behavior, observations from a school-based advocate for the student, and more.

School Board Decision

After receiving the committee's recommendation, the school board must make a decision no later than the next regularly scheduled board meeting. The school board must decide either to reinstate the student, to conditionally reinstate the student, or to deny reinstatement.

Before conditionally reinstating the student, a school board may require a student and the parent or legal guardian to agree in writing to specific conditions. The conditions may include, but are not limited to, the following:

- Successful completion of a restorative justice process and evidence of compliance with the resulting agreement developed by the participating affected parties.
- Agreement to a behavior contract, which may involve the student, parent or legal guardian, and an outside agency.
- Participation in, or completion of, an anger management program or other appropriate counseling.
- Periodic progress reviews.
- Specified immediate consequences for failure to abide by a condition.

The law specifies that the decision of the school board is final.

Alternative Education

It is the responsibility of the parent or legal guardian to locate a suitable alternative education program and to enroll their child in a program during the expulsion. When a student has been expelled, the building administrator may provide referral information to community agencies or local alternative educational opportunities for the parent/guardian.

Law Enforcement Concerns

Police Contact with Students

- If a student is a suspect in a crime committed either on or off-campus and it is necessary to involve the police, the Parent/Guardian shall be contacted immediately before any questioning occurs. However,

administrators are not required to wait until the arrival of the Parent/Guardian before allowing the questioning of the student.

- If a student is arrested on school grounds, building administrators (or designees) shall make contact with the Parent/Guardian of the arrested student after the police have removed the student from the building. A student arrested by the police from a school building and later released by the police may return to the building for the remainder of the day at the discretion of building administrators (or designees).
- Prompt Parent/Guardian Notification if the student is a victim, witness or complainant: A police officer may interview a student if the student is a victim, witness or complainant of a crime committed at school (on school premises, in a school vehicle or at school-sponsored activities). School Officials shall promptly notify the Parent/Guardian before or at the time of, the interview by law enforcement. If unable to reach the Parent/ Guardian before or during the law enforcement interview, notice should be given as soon as practicable, in most cases, not later than the end of the school day in which the interview occurs.

Police Arrest

When a complaint is filed with the police, the building administrator, Superintendent (or designee) shall cooperate with law enforcement officials.

Police Notification

The results of a school-related investigation including all written reports, statements, and video recordings taken by a School Official may be shared with the local police to the extent permitted by law and FERPA if it is determined that a criminal violation has occurred or to aid in a criminal investigation. A YCS Public Safety Officer, Assistant Principal, or Principal, following any incident of student misconduct, completes an statements or reports required by law enforcement. The reports are filed with the Washtenaw Sheriff's Department or other law enforcement agency of competent jurisdiction and maintained by the District. Building administrators have the discretion to sign a complaint for offenses that do not warrant arrest. Michigan schools are mandated to report twenty-two (22) categories of student misconduct to appropriate law enforcement agencies

Section IV: Other Student Responsibilities

BUS CONDUCT

Students who use transportation services provided by YCS (including school buses and AATA) are participants in a school activity and under the school's jurisdiction. Students are therefore subject to all rules, rights and responsibilities of the Student Code of Conduct, in addition to the specific rules for health and safety while on the bus. Misbehavior on a bus is distracting to driving and interferes with the safety of all students. Acts of misconduct as listed in Level II and Level III are considered as seriously disruptive and may result in maximum disciplinary action.

SCHOOL BUS CONDUCT POLICY

YCS recognizes the drivers of school buses (including AATA) to be in authority with regard to student behavior in or about the vehicle, which he/she operates. The responsibility of safely transporting students to and from school is very important. Bus drivers must safely navigate through traffic, drive in inclement weather conditions, and keep their eyes on the students at all times. This is a challenging job! The behavior of the student on and around the bus directly affects their safety and the safety of others.

School rules and regulations apply at all times:

- When students are riding a school bus to and from school
- Riding to and from school-sponsored activities
- Waiting at bus stops

STUDENT BEHAVIOR RULES:

1. Follow all rules outlined in the District's Uniform Discipline Code.
2. Respect and respond to all directives from the bus driver.
3. Enter and exit the bus in an orderly fashion.
4. Remain seated while the bus is in motion.
5. Keep hands, head, and feet inside the bus.
6. No horseplay, i.e. wrestling, pushing, loud/inappropriate volume, and so on.
7. No throwing of objects inside or outside the bus.
8. No inappropriate language.
9. No inappropriate touching or sexual activity.
10. No weapons, alcohol, or drugs (real or synthetic) including tobacco.
11. No physical or verbal altercations or assaults.
12. No damage or defacing of the bus.

A student's right to school bus transportation is a privilege, dependent on good behavior. In cases where a student seriously or continuously misbehaves, Parent(s)/Guardian(s) will be notified by the School Principal, or designee, of the school. Transportation privileges may be suspended or revoked, or other disciplinary sanctions imposed, if in the opinion of the School Principal, or designee, such action is necessary for the general safety and well-being of each student.

CONSEQUENCES FOR VIOLATIONS:

The bus driver is to refer all violations to the School Principal and the following disciplinary action is taken:

- 1st and 2nd Violation: School Principal (or designee), conferences with student and Parent/Guardian are notified.
- 3rd Violation: Student suspended from the bus for three to five (3-5) school days and Parent/Guardian is notified.
- 4th Violation: Student suspended from the bus for an extended period of time until an agreement can be reached between Parent/ Guardian, School Principal, Dean Transportation Supervisor, and student.

Serious offenses receive disciplinary measures, up to and including expulsion from school.

PARENT/GUARDIAN RESPONSIBILITIES:

- Read and discuss with your child the responsibilities, safety concerns, behavior rules and violation consequences covered by the Code of Conduct.
- Inform your child of the location of bus stop pick-up and drop-off times.
- See that your child arrives at the bus stop in a timely fashion and conducts themselves appropriately at bus stops and on school buses.
- Support School Officials in their efforts to operate a safe and efficient transportation system.

Important: Parents/guardians are responsible for providing transportation for their student to attend school during suspension from the bus. This is not a suspension from class. If the student does not attend school during a bus suspension, the absence is unexcused.

Students Walking to School

Students who walk to and from school are expected to observe school rules and demonstrate appropriate behavior. Any misconduct reported will be reviewed case by case to determine if disciplinary action is warranted.

STUDENT ATTENDANCE

Ypsilanti Community Schools values regular school attendance in enabling students to benefit from the school's education programs. Michigan law places responsibility on each student to attend school on a daily basis, and on each parent or guardian to send their child to school on a daily basis. More important, however, is the effect of regular and punctual attendance on the student's scholastic achievement. Not only is each day's lesson important to the individual student, the student's participation in class contributes to the education of others. Frequent absences and tardiness, for any reason, are certain to adversely affect the student's schoolwork. Each student is expected to be in school every day except when illness, injury, or some providential condition beyond the student's control prevents attendance.

Parent Responsibility

If students are unable to attend school for any part of the day, it is the responsibility of the parent/guardian to notify the school of this necessary absence. It is expected that every effort will be made to limit absenteeism.

YCS Attendance Procedures:

A. Verified Absences

Verified absences are absences that have been documented by the parents, guardian or student 18 years of age within three (no more than five) working days. Verified absences are counted as part of the total number of absences for the student and include:

- Verified illness or hospitalization
- Verified family illness or emergency
- Verified funeral services
- Verified religious instruction

Appointments should be made after school hours. In most cases, this should be possible, particularly at the secondary level. If exceptions are necessary, the parent can contact the principal or attendance officer. *Please make note of the Tardiness section below also.

B. Leaving School

When a student needs to leave the building during school hours, he or she must check out at the main office at all schools. The student must stop and check in at the office when he or she returns to school the same day. In each case, an adult who is the documented contact in Power School may sign a student out. The adult signing the student out must be physically present at the school to remove a student from the building.

C. Counting Absences

Absences are not termed excused or unexcused. All absences, including illness, vacations, medical appointments and other obligations count toward total absences. The following absences are exceptions and **do not count** toward the total number of days absent:

- School-related activities, e.g. field trips, special school events, etc.
- Suspensions (both in-school and out-of-school)
- Administrator or school counselor meetings
- Documented court appointments

All students are responsible for obtaining make-up assignments that are available from their classroom teachers. Students should contact the teacher and request schoolwork upon returning from absence.

D. Tardiness

Students arriving to class more than 10 minutes after the bell will be counted as absent at the High School or Middle School unless excused by a staff member for reasons beyond the control of the student. The school district considers being on time a critical skill for future employment and continuity of the class lessons. Three incidents of tardiness will equal one absence.

E. Extended Illnesses

If a student is out of an extended illness, the parent needs to provide a doctor's note giving the diagnosis and stating that the student is unable to attend school for a specified period of time. The student may become eligible for homebound service under certain circumstances. Parents should contact the Student Support Services office at 734-221-1952 regarding homebound educational services.

F. Elementary School Attendance Procedures:

In addition to working with identified students and their families who need further support, as described in the Prevention Activities, the elementary schools will address attendance as follows:

- After 3 days absent After the student has been absent for 3 days in one year that has not been verified by the parent, the teacher or designee will call the family, letting them know of the school's concern. This communication will be documented.
- After 7 days absent After 7 days absent within one year, the principal will send a letter including information on the importance of good attendance. This communication will be documented.
- After 10 days absent After 10 days absent in one year, the social worker and teacher will review the student's record and determine if there is a pattern of absences (e.g. every Friday or present, absent, present, absent, etc.) that does not seem to be related to an illness or other verified reason. Tardies will also be reviewed. The social worker, teacher and principal will meet with the family to discuss the student's attendance. This meeting will be documented.
- After 13 days absent After 13 days absent in one year, the family will meet with the social worker and principal, and the Intake Supervisor from the Washtenaw County Family Court, Juvenile Division (Township if applicable) will also be invited. The school and family will create a written agreement on the students' future attendance.
- More than 15 days *If a student is absent more than 15 days in one year and there is not an extended illness and/or other extenuating circumstances, the Intake Supervisor from the Washtenaw County Family Court, Juvenile Division will be contacted and truancy charges will be considered and/or Educational Neglect charges will be filed. *The Township may also levy a fine if applicable.

G. High School/Middle School Attendance Procedures:

- After 3 days absent A phone call/communication will be made home (teacher or attendance officer)
- After 7 days absent After 7 days absent in a class, the School Attendance Office or office will mail a letter and a phone call home and document the communication.
- After 10 days absent After the 10th absence from a class, the parent/guardian and student will meet with the Attendance Officer and the Review Board. The Review Board will consist of a counselor, a teacher, the student and the parent or guardian. The purpose of the meeting is to inform the student and the parent that the student is in danger of losing partial or total credit. In this meeting, the following will occur:
1. The student's absences and incidences of tardiness are reviewed.
 2. A contract will be signed by all members at the meeting.
 3. The contract will state the number of days absent and the number of days a student has left, if any, before losing credit.

4. The contract will state the requirements the student will have to follow to earn credit.
5. The student is responsible for collecting make-up work and returning the work in a timely manner.
6. Due to the nature of each class, the teacher may give different assignments based on his/her classroom policy.

If the student meets all of his or her obligations as written in the contract, he or she may continue the class and may continue working toward credit.

After 13 days absent

If the student is absent 12 times in a class in one semester, the parent or guardian and student will meet with the High School Assistant Principal. If the student has not satisfied the contractual terms and has not shown that extenuating circumstances exist, credit may be denied partially or completely. The decision of the Assistant Principal and Review Board will be provided in writing within 5 school days and may include:

1. Credit denied
2. Credit reduced
3. Individual plans are written based on medical problems or situations.
4. Washtenaw County Family Court, Juvenile Division, Intake Supervisor contacted about the truancy.

Appeal Process*

The student with his/her parent or guardian may appeal the decision of the Review Board and the High School Assistant Principal to the High School Principal.

1. The appeal must be presented within 5 school days of receiving the written decision to deny or reduce credit.
2. The appeal must be in writing and must state the reasons the student and parent disagree with the decision and the resolution they are requesting.
3. The student with his/her parent or guardian may appeal the decision of the High School Principal to the Central Office Designee following the same timelines and written appeal.

** In the case of a middle school student gross truancy may cause retention if a student cannot adequately test out of core classes.*

SEARCHES

At all times Ypsilanti Community Schools reserves the right to conduct random searches of student desks and lockers on District property or at District-sponsored events. These searches may be conducted without notice and without individualized suspicion. A student's failure to cooperate or permit searches and seizures by the District is subject to disciplinary action at the school or District's discretion.

Automobile Inspections:

Student vehicles on school property may be inspected or searched by building administrators or security personnel. Any student who refuses to permit the search of a vehicle on school property shall forfeit the right to park on school property, without further hearing or appeal. Students may also be disciplined for denying access.

Suspicion of Illegal Substance Use:

The District may authorize the use of a portable Breathalyzer when there is reasonable suspicion or belief that a student is under the influence of alcohol. The District also reserves the right to utilize such a device at any school-sponsored event, either on or off campus.

Failure to submit to a request to be tested may result in disciplinary action. Police will be notified of students who appear to be under the influence of alcohol or drugs. A Parent/Guardian will be contacted immediately and must pick up the student from school and/or school-sponsored event.

Canine and Other Searches:

The District may use trained canines and other detection equipment to search for contraband, illegal or unauthorized drugs, synthetic drugs, alcohol or weapons. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by School Officials.

Desk and Storage Area Searches:

A desk or other storage area provided by the District for student use, as well as the contents, may be searched by administrators or security personnel when there is reasonable suspicion for a search.

Students may be disciplined for interfering with a search.

Locker Searches:

Student lockers are school property and remain at all times under the control of the District. Students are expected to assume full responsibility for the security of their lockers and their contents. A principal (or designee) may search a student's locker and contents without student's consent and without a search warrant. In the course of a search, the student's privacy rights shall be respected regarding any item that is not illegal or against school policy.

However, the school may search such items if there is reasonable individualized suspicion that the item contains other items, which violate Board policy or applicable law. If a student interferes with a search, the student may be disciplined.

A law enforcement agency having jurisdiction over the school may assist school personnel in conducting a search of a student's locker and contents at the request of a Principal (or designee), provided the search is conducted in accordance with District policy. Pursuant to Public Act 87, any evidence obtained as a result of a search of a student's locker or contents shall not be inadmissible in any court or administrative proceeding, including (but not limited to) any disciplinary hearing pursuant to the Uniform Discipline Code because the search violated PA 87, or District policy adopted pursuant to PA 87.

Metal Detectors:

The District reserves the right to use walk-through or hand-held metal detectors with students on a random, unannounced basis. Failure to submit to a sweep may result in disciplinary action.

Personal Search of Student:

A student's personal effects (purse, book bag, athletic bag, backpack and so on) may be searched whenever a School Official has reasonable suspicion that a student is in possession of illegal or unauthorized material or

evidence in violation of the Uniform Discipline Code. If a search yields illegal or contraband materials the District shall notify police as appropriate.

Video or Other Cameras:

The District reserves the right to videotape student activities and behavior on buses and in common areas within school buildings, with or without specific advance notice.

Swearing Out Complaints for Student Arrests:

If an arrest is deemed necessary, the building administrator, Superintendent (or designee) will swear out the complaint. Filing a complaint means formally reporting the student's actions to the police, and requesting that charges be filed against the student if necessary.

Sharing Investigation Results with Police:

The results of a school-related investigation including any and all written reports, statements, and video recordings taken by a School Official may be shared with the local police to the extent permitted by law if it is determined that a criminal violation may have occurred or to aid in a criminal investigation. A YCS Public Safety Officer, Assistant Principal or Principal, following any incident of student misconduct, completes an Incident Report. The report is filed with the Washtenaw Sheriff's Department or other competent law enforcement agency with a copy maintained by the District.
